

# TAP THAT!

**NOTHING BEATS A BEER  
STRAIGHT FROM THE TAP!**

**OUR BEER TAP SYSTEMS ARE IDEAL FOR ANY EVENT.**

# The THIRSTY FOX

EST. 2018

Free of Charge - 3 month rental agreement (revisiting the rental arrangement every 3 months) or you can return the equipment anytime within those 3 months

MINIMUM ORDER PER MONTH - 3 X 9L KEGS

Gas cartridge will be charged at applicable price per refill - (1 CARTRIDGE = 3 X 9L KEGS)

Spare cartridges are available and a deposit fee of Rs 1,000 each is applicable

10L Keg of sanitiser will be provided for the 3 month period - FREE OF CHARGE

## HOW TO USE?

We suggest to flush the system once a week and run 500 ml - 800 ml of sanitizer out of the unit and allow the cleaning solution 10 min of reaction time before reintroducing beer back into the line.

You have access to either Fabien (5727 7481) or Jörg (5987 6817) if you run into trouble and you have a problem with your unit.

## DO'S AND DONT'S

- Dispensing Pressure 0.8 bar
- Dispensing temperature between 2° and 4°C
- Tapping units are for inside use only
- Never have the cooling unit exposed to direct sunlight
- Tap can be used outside for a day or evening party but needs to be locked away when unattended
- It is always wise to disconnect the keg coupler when tap is not in use
- Refrigeration is to be switched on at all times.  
(your product is unpasteurised and needs to be kept cold at all times)
- General rule of thumb - 2 to 3 week shelf life of a freshly "cracked" keg.

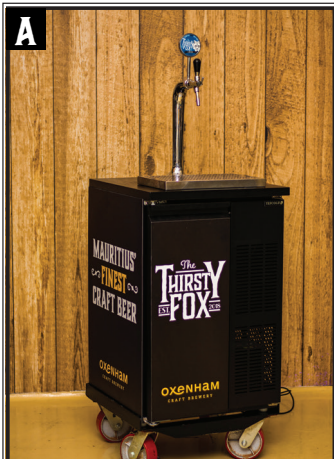

WE TRUST THAT OUR PROPOSAL FINDS YOUR APPROVAL AND WOULD LOVE TO HEAR FROM YOU SOONEST. KINDLY ALLOW SOPHIE TO MAKE CONTACT WITH YOU IN DUE COURSE TO DISCUSS OUR PROPOSAL FURTHER.
